

NATIONAL
**Youth Heart
 Screening Day**
 EVERY KID. EVERY HEART.

Saturday, February 1, 2025
 Highview Middle School, New Brighton

Free Heart Screen

For ALL young adults 14-24 years old

The **Play for Patrick Heart Screenings** provide youth with non-invasive tests to identify heart conditions that may otherwise go unnoticed.

Screenings include:

- Height/Weight
- Blood Pressure
- EKG Echocardiogram
- CPR Training (hands only)
- AED Training

All screenings are reviewed by volunteer medical professionals, and results are provided to families with guidance for follow-up care..

Our screens are dedicated to **Patrick Schoonover**, Eastview hockey player, who passed away unexpectedly due to sudden cardiac arrest.

Participant and volunteer registration at
www.playforpatrick.org
 email info@playforpatrick.org

Play For Patrick Statistics

From August 2015 to January 2025, the Patrick Schoonover Heart Foundation conducted 36 Play for Patrick youth heart screens.

Screened 6,518 kids, found 414 with elevated blood pressure (w/repeated check), 355 with abnormal electrical or structural heart defects, taught 5,282 kids & adults CPR & AED awareness and donated 22 AEDs to area Schools.
